# Roto-moulded Pot

We source best quality roto-moulded (plastic) pots for our projects.

# Indoor & outdoor Landscape

We bring to life your designs & visions of your garden by transforming a barren piece of land into green wonderland tailored to your ideas & tastes. We have executed 4 site of 30,000 sqm each. We have undertaken projects in several areas of India. 150 Plus projects are executed in Pune, Chennai, Nagpur & Gujrat.

Execution includes lawn, shrubs, hedge, trees, special & aesthetic plants, native plant's plantation. Spaces served, residences, terraces, industries, resorts, restaurants, hospitals etc.

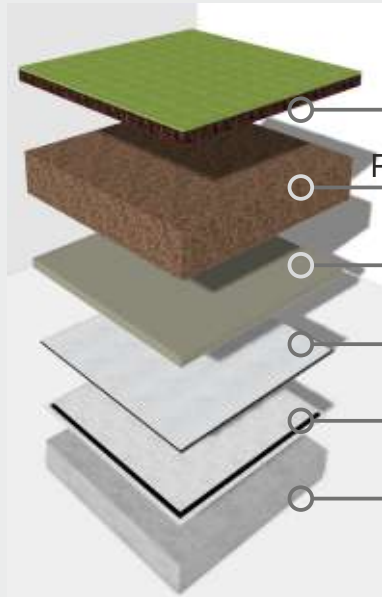

# Terrace

Terrace gardens can improve air quality, reduce runoff, and capture rainwater. They also help reduce the urban heat island effect. Terrace gardens can help keep the temperature and heat within a house under control. The space is usable for better living. This can be a balcony or a terrace. Looking into faster growth of urbanisation, we are undertaking projects of terrace gardens.
