Plants Nursery

Hard scape

- Pathways
- Focal Points
- Decorative Walls
- Amphitheatre

All the landscape needs Hard scape for functional & aesthetic purposes. It includes, pathways, focal points, decorative walls, amphitheatre, water features structures. We have created meaningful hard scape using materials locally available & sourced from several parts of India.

We nurture our own plants and are true gardeners with a green thumb ourselves. We ensure the sourcing of the highest quality of plants by maintaining our own nursery and supplying them in the most beautiful collection of planters as well.

We have all various types of Indoor plants, Shrubs, Ground covers, hedge plants, seasonal plants, medicinal, kitchen garden plants, trees & aesthetic plants. We have Lawn growing plot for Zoysa Lawn admeasuring 5 acres.

Location: Hadapsar Pune
Plants Area 2.5 acres
Lawn area 5 acres

Pots for Plants

All plants compliment its beauty with decorative pots. We have variety of pots of FRP, Plastic, Ceramic & sand stones etc. We have stock of pot- plants which to share the beauty to the landsape.

We have a concept of "PLANTS ON WHEELS" where we load our vehicle with pots & plants to suit your space, we visit your space where by you can place the pots & plants which suits your space, you have liberty to choose size & colour of pot & variety of plants.

Pots rentals

Clients get bored with same plant over the time. It's a challenge to maintain the plants in the best state. This change & challenge can be taken care by our Plants Rental Service.

There are various locations where such service is required. Like, Corporate Offices, Restaurants, Residences, Hotels, Hospitals etc.

We have expertise required to plant and install vertical gardens for All project types that can make any bio wall turn green & come alive.

Vertical Gardens

Artificial Plants

We love to transform our gardens into a sensorial experience by adding the soothing sounds & calming nature of water features designed & built by our team of in-house experts.

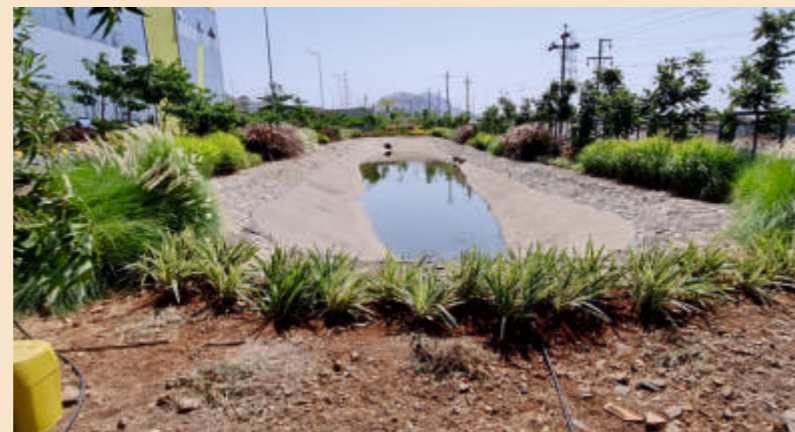

Water Features

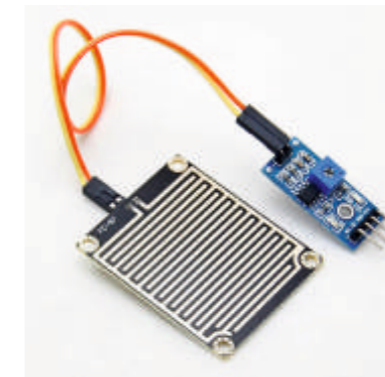

We love to transform our gardens into a sensorial experience by adding the soothing sounds & calming nature of water features designed & built by our team of in-house experts.

We design & execute various types of water features like, fountains, ponds, lotus ponds, water collection tanks with aeration.
