**A L D S**

A sepia-toned photograph of an industrial site. In the foreground, there is a large, calm body of water, possibly a reservoir or a large pond. The water's surface is slightly rippled. In the background, a dense line of tall, thin trees, likely pines or cypresses, stretches across the horizon. The sky is overcast and hazy. The overall scene is somewhat desolate and industrial. The text "Photo graphs of Industrial Projects" is overlaid on the right side of the image, underlined.
